## Qualifying

We're glad you're interested in our Incentive Travel program! Here's some information to get you started toward qualifying for these amazing trips:

- Write a minimum of 10 qualifying Life Company policies totaling \$1,500 of first-year commission credit to qualify to travel.
- Increase your property and casualty (*P & C*) premium volume with Auto-Owners during the campaign period to lower your buy-in cost to travel.
- Every \$5,000 of premium increase your agency has during the campaign reduces the buy-in of your trip by \$200.
- You may further reduce your buy-in with additional Life Company production. Every \$1,500 of Life Company commission credit reduces the buy-in by \$165, which means you can earn a trip on life production alone.
- All Auto-Owners lines of business count toward your *P & C* premium volume (including *Atlantic Casualty and Auto-Owners Specialty Insurance Company business*), with the exception of flood insurance and residual market business.
- The buy-in charts in this guide are for a qualified traveler and spouse/guest. Your agency will receive monthly reports from Auto-Owners to track your progress.
- Find everything you need, including registration, your trip reports and trip information, at [aoin.com](https://aoin.com) under Marketing & Sales → Incentive Travel.

# Campaign Rules

## Rule 1 – Campaign Period

Qualification Period – September 1, 2021 through November 30, 2022.

## Rule 2 – Minimum Life Qualifications

For each couple or single attendee, a minimum of 10 Life Company policies (*life, health and/or annuities*) producing \$1,500 or more of first-year commission credit must be received in our home office on or before November 30, 2022, and put in-force by January 15, 2023.

Although every effort is made to accommodate all qualifying travelers, a limited amount of space is available. In order to receive priority reservations, it is highly recommended the minimum Life Company business requirements be met by June 30, 2022.

## Rule 3 – Eligible Lines of Business

All eligible P & C premium growth, including Atlantic Casualty and Auto-Owners Specialty Insurance Company business, will go toward reducing the buy-in cost to travel. No minimum P & C amount of business is required, but all growth in premium helps to reduce the cost to the agency to travel.

Eligible lines for P & C include all lines of insurance except:

- Flood
- Residual market business
- Atlantic Casualty North Carolina Reinsurance Facility Business

A change in structure of an agency does not necessarily result

in a premium increase/decrease. When such a change takes place, adjustments will be made to achieve equity for all parties.

## Rule 4 – Credit for Property and Casualty Policies

Any one policy will be capped at +/- \$20,000. Audits will be capped at +/- \$5,000.

## Rule 5 – Retention Ratio

Each month, your agency's personal lines retention ratio will be compared to the state average personal lines retention ratio, and if your ratio is higher than the state average, you will earn bonus premium to reduce your buy-in amount. In addition, your agency's commercial retention ratio will be compared to the state average commercial retention ratio and, if higher, will earn bonus premium similar to personal lines.

## Rule 6 – Life New Business Rules

Campaign credit will be given for first-year commission credit on signed life, health and Item 500/501 annuity applications received in our home office between September 1, 2021 and November 30, 2022, resulting in an issued and paid-for policy by January 15, 2023.

Policy count and commission credit on an Item 500/501 annuity policy will be given with a minimum initial premium payment of \$2,000. (*This minimum does not apply to money received under SEP or SIMPLE plans.*)

In all cases, the maximum life, health and annuity commission credit that

will be allowed on any one insured person or annuitant is \$2,000 per line of business (*Life, Disability Income, Annuity*). A maximum of one policy count will be allowed for each individual, for each line of business of Auto-Owners Life Company. Permanent life insurance (*Universal Life or Whole Life*) and term life insurance (*not including Simplified Issue products*) with a minimum death benefit of \$100,000 each shall be counted as two different lines of business, and earn a policy count for each.

Example: If a term policy over \$100,000 death benefit and a Whole Life policy over \$100,000 death benefit were issued for the same individual, campaign policy count credit will be 2. If two term policies were issued for the same individual, the campaign policy count credit will be 1.

A term policy issued during a previous campaign and converted to a permanent policy (*not including Simplified Issue products*) will receive policy count and campaign commission credit as described in Rule 8.

## Rule 7 – Premium on Existing Annuities

First-year commission paid on Item 500/501 Annuity premiums received in our home office between September 1, 2021 and November 30, 2022, will earn commission credit.

Example: An \$8,000 annual premium Item 500/501 deferred annuity policy,

paid quarterly, that was issued two months before the campaign began, will earn commission credit on the 2nd, 3rd and 4th quarterly premium payments paid during the campaign period. Annuity premiums must be paid during the campaign period to earn commission credit.

A premium payment of \$5,000 or more to an existing Item 500/501 Roth or Traditional IRA, or \$8,000 or more to any 500/501 non-qualified annuity, SEP or SIMPLE plan, earns a first-year commission credit and a policy count (*subject to Rule 6, maximum one policy count per annuitant during campaign*).

Deferred annuities of \$25,000 to \$100,000, currently written with the Life Company that are converted to a settlement option during the campaign, will earn one policy count and campaign commission credit of \$100 toward this campaign. Settlement options of \$100,000 or more will earn one policy count and campaign commission credit of 1% of the total value at time of conversion.

#### **Rule 8 – Life Policy Count Credits**

Perma Term 2 and 3 Universal Life and Disability Income Insurance will earn policy count credit calculated at 150%.

Five Year Simplified Issue Term policies will earn policy count credit calculated at 50%.

Single Premium Immediate Annuities of \$100,000 or more will earn policy count credit calculated at 200%.

All other policies will earn policy count at 100%.

#### **Rule 9 – Policies Must be in Force for Credit**

Life, Health and Annuity policies for which commission credit was given that are not in force on January 15, 2023, will be deducted.

#### **Rule 10 – Advanced Premium Accounts**

Money deposited into an Advanced Premium Account will only receive first-year commission and campaign credit when it is transferred to the policy as a payment during the first policy year.

#### **Rule 11 – Policies Owned by or on Agency Personnel**

Life and Disability Income insurance applications received after June 30, 2022, owned by or on the lives of agents and agency employees, must have the first two years' premium paid at time of issue to receive campaign credit. For Universal Life, only one year's premium is required under this rule. This rule does not apply to annuities, Single Premium Whole Life or 10 Pay Whole Life.

#### **Rule 12 – Persons Eligible for Travel**

Persons eligible for travel: licensed agent and spouse/guest, key agency employee and spouse/guest. Children and grandchildren of agency employees are welcome on family-designated Bahamas trips. A key agency employee must be a full-time employee of the agency to qualify. A full-time employee must be currently employed for a minimum

period of six months prior to travel time. Agency and all travelers must be active and in good standing with the company at the time of the trip. Any agency whose monthly account is not in satisfactory condition at travel time will be disqualified.

#### **Rule 13 – No Substitute Arrangements**

No substitute arrangements nor cash payments can be made in lieu of the accommodations furnished to you by the company. Auto-Owners pays travelers' airfare, accommodations, certain meals (*shown in final itinerary*), tips and service charges for all group activities, plus expenses for all events listed in the final itinerary furnished by the company. All other expenses, such as beverages, extras ordered at table, in-room mini bars, laundry, telephone calls or items of a personal nature, must be paid by the individual incurring such charges.

#### **Rule 14 – General Intent**

The rules and conditions set forth in this brochure convey the company's general intent. Should any circumstances arise bringing about inequities for travelers and/or the company, the company reserves the right to modify rules for any individual or for the traveling group. Should unsettled international conditions or other factors arise, the company reserves the right to modify or terminate the program, but will substitute other destinations or arrangements of equal value. The company reserves the right to modify the rules in order to maintain regulatory compliance.

*Note: Every \$5,000 in P&C premium growth will reduce the buy-in by \$200. Every \$1,500 in first-year life commission will reduce the buy-in by \$165, which means you can earn a trip on life production alone.*

# FAQs

## When will I know the travel dates?

We are pleased to offer our travelers several options of group travel dates for each destination. These travel dates will be communicated at a later date.

## Can children or grandchildren be included in the trip?

Children and grandchildren of qualified travelers are welcome on family-designated Bahamas trips. The children/grandchildren buy-ins and other arrangements will be communicated at a later date.

## If I don't have a passport, can I select my travel dates for Italy or the Bahamas while I'm waiting to receive my passport?

No, the Italy and Bahamas trips both require a valid passport. For both trips, passports must be valid for a minimum of 6 months past travel dates. Copies of valid passports for all travelers must be submitted with your signed hold harmless agreement before trip dates can be confirmed.

**Can my married daughter and her husband (who are not affiliated with the agency) qualify or "buy-in" for the trip?** Please refer to Rule 12.

## My child is in college but works in the agency during the summer months. Do they qualify for the trip?

Yes and no. They are welcome to travel with a key agency employee as a guest. They would not qualify as a full-time agency employee – one who is currently employed, and for a minimum period of six months prior to travel time.

## I wish to travel on both trips. Do I need to obtain the minimum life qualifications requirement for each trip?

We would love if you traveled on both trips and we appreciate your business! Each trip requires the established minimum life qualifications requirement for each couple or attendee.

## I am a single person traveling by myself. Are my buy-ins the same?

No. Single person buy-ins will be one-half per couple buy-in amount, plus a "single supplement" to be determined at a later date before travel. It is still necessary to meet the minimum requirements of 10 life policies totaling \$1,500 first-year commission credit.

## Will I have to pay taxes on my trip?

We do not schedule any business meetings on these trips so you can enjoy your vacation! The IRS requires us to report any portion of the value of the trip that is earned for free on your agency's 1099. This amount will be included in the 1099 that the agency receives from Auto-Owners in early 2024.
